Kia ora koutou!

My name is Lavanya Sajwan and I am a Software Engineering student at Te Herenga Waka - Victoria University of Wellington. I am working on an honours project this year which is about security practices in industry and investigating the influences impacting the decisions of the choice that developers make. This research has been approved by the Victoria University of Wellington Human Ethics Committee (Research Master Application ID: 0000028506).

I am looking to interview professional programmers who work with security practices, and will need to be over 18 years old and New Zealand based. Participants can also work across a range of programming fields eg. gaming, education, financial, analysis.

If this is you and are interested in participating in this study please send me an email stating your interest including name and job title.

If you participate in the interview, you will be given koha of a \$10 voucher, and go into the draw to win a \$60 supermarket voucher to thank you for your time!

If you are interested in participating or hearing more about the study please contact me over email – sajwanlava@myvuw.ac.nz
